- 1) I am the administrator that pulled these pages that were bound with an indicator for the year 2002 from the mail log of International Business Machines Corporation, Intellectual Property Law Department, 11400 Burnet Road, Austin, TX 78758.
- 2) I recorded the entries in the mail log for each piece of mail received at the above identified location.
- 3) The Notice to File Corrected Application Papers for AUS9-2001-0030-US1 (Serial Number 10/042,007) that had a Date Mailed of 04/05/2002 by the USPTO was not entered into the mail log, indicating that it was not received. Only the Filing Receipt (F.R.) for AUS9-2001-0030 was received on April 11, 2002, a copy of which is enclosed herewith with IBM's time stamp of 2002 Apr 11 AM 9:06. If a "Notice to File Corrected Application Papers" had been received, an entry would have been made as "notice to file corr app" or "notice to file corr. Papers" or "not to file corr. Papers" examples of which are found under Date Rec. of 5/13, 4/29, 4-24, and 4-22.

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

Nancy Werchan, being duly sworn, deposes and says:

- 1) I entered item "Receive Notice to File Corrected Application Papers" with a date of 5-April-2002 in the record for docket AUS9-2001-0030-US1 (serial number 10/042,007) after this paper was received via facsimile from the USPTO on February 5, 2004 at 11:33. Prior to February 5, 2004 there was no entry for this item in this docket record. Had this item been received with the "Official Filing Receipt" that was received, this item would have indicated that it had been recorded by Barbara Rogers, the same person who recorded the "Receive Official Filing Receipt".
- 2) I entered items "Prepare Corrected Application Papers" and "Last Chance to File Corrected Application Papers" in the "Completed Tasks" record for docket AUS9-2001-0030-US1 (serial number 10/042,007) after the paper "Notice to File Corrected Application Papers" was received via facsimile from the USPTO on February 5, 2004 at 11:33. No such tasks were listed prior to February 5, 2004.
